A detailed topographic map of the Jumisko area in Finland. The map features a complex network of water bodies, including lakes and rivers, and a dense contour line system indicating elevation. A large, irregularly shaped area is highlighted in a solid blue color, representing the designated fishing zones (Kalastusalueet). This blue area encompasses several interconnected water bodies, including a large central lake and various smaller ponds and streams. The map is labeled with numerous place names, such as 'Jumisko', 'Niemijärvi', 'Murtoselkä', and 'Oivanjärvi', as well as smaller locations like 'Kiviperä', 'Hangassaari', and 'Ristilä'. Elevation values are marked throughout the map, with some specific points labeled with numbers like 242.5, 240.55, and 243.55. The map also shows a network of roads and other geographical features. In the top-left corner, there is a white box containing text in Finnish, providing information about the map's source (Maanmittauslaitos), the data used (Maastokarttarasteri 1:50 000), and the license (www.maanmittauslaitos.fi/avoindata_lisenssi_versio1_20120501). A small legend in the top-left corner indicates that the blue color represents the fishing zones (Kalastusalue).
